

## APPROVAL CERTIFICATE

EASA.21J.099

Pursuant to Regulations (EC) 216/2008 and (EU) 748/2012 and subject to the conditions specified below, the Agency hereby certifies

### Motorflug Baden-Baden GmbH

Flugstr. 12  
76532 Baden-Baden  
Germany

as a DESIGN ORGANISATION

approved according to Part 21, Section A, Subpart J.

#### CONDITIONS :

1. The approval is limited to that specified in the enclosed Terms of Approval, and
2. This approval requires compliance with the procedures specified in the Design Organisation Handbook, reference EntwicklungsBetriebsHandbuch (EBH), in the latest revision, and
3. This approval is valid whilst the approved Design Organisation remains in compliance with Part 21, Section A, Subpart J.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid until surrendered or revoked.

For the **European Aviation Safety Agency**,  
Date of issue: 30 September 2015

Dominique ROLAND  
Head of Design Organisations Department

## Terms of Approval

### Design Organisation Approval Certificate

#### EASA.21J.099

### 1 Scope of approval

This Design Organisation Approval has been granted for:

- designing in accordance with the applicable type-certification basis, operational suitability data certification basis and environmental protection requirements:
  - supplemental type-certificates and minor changes to aircraft related to:
    - Avionics, including instruments, electrical and electronic systems installation, and related structure
    - Installation of cabin equipment
    - Installation of exterior equipment
- demonstrating and verifying the compliance with the applicable type-certification basis, operational suitability data certification basis and environmental protection requirements, and
- demonstrating to the Agency this compliance.

### 2 Categories of products

Large and small aeroplanes

Large and small rotorcraft

### 3 List of products

[Not applicable]

### 4 Privileges

- a) The holder of this design organisation approval shall be entitled to perform design activities under Part21 and within its scope of approval.
- b) Subject to 21.A.257(b), the Agency shall accept without further verification compliance documents submitted by the holder of this design organisation approval for the purpose of obtaining:
  1. a supplemental type-certificate
- c) The holder of this design organisation approval shall be entitled, within its terms of approval and under the relevant procedures of the design assurance system:
  1. to classify changes to type-certificate and repairs as "major" or "minor";
  2. to approve minor changes to type-certificate and minor repairs;
  3. to issue information or instructions containing the following statement: "The technical content of this document is approved under the authority of DOA ref. EASA.21J.099";

4. to approve minor revisions to the aircraft flight manual and supplements, and issue such revisions containing the following statement: "Revision No [YY] to AFM (or supplement) ref. [ZZ] is approved under the authority of DOA ref. EASA.21J.099.";

## 5 Limitations

[See in 1, above]

1. No avionics changes with software level A, B, C
2. No test flights to show compliance to certification specifications outside the limits of the AFM
3. Scope of approval on large aeroplanes is limited to aeroplanes where EWIS ICA requirements are not applicable.
4. Exterior installations are limited to rotorcraft and small aeroplanes, for those installations that do not have an appreciable effect on flight performance or handling characteristics.
5. The privilege to approve minor revisions to the aircraft flight manual and supplements is limited to administrative revisions.
6. Approval of changes affecting Operational Suitability Data is excluded.
