A Certificate of Conformity or equivalent document is issued by the manufacturer or Seller for Products other than the helicopters.

With regards to Products other than helicopters, the Customer shall check and notify any defect and/or non-conformity with the Order and/or missing associated documentation in a documented registered letter:

- within twenty-one (21) calendar days, except for AOG Orders within seventy-two (72) hours, as from the date the Seller has notified that the Product is ready to be collected, or
- in case of CIP or DAP Incoterms® 2020: within fifteen (15) calendar days after delivery, except for AOG Orders: within forty-eight (48) hours after delivery,

and claims against the carrier shall be made within three (3) working days as from the date of receipt of the Product. Any return of Products with defect and/or non-conformity shall be subject to the Seller's prior written approval and shall be packed with the original or appropriate packing and freighted in accordance with the Seller's instructions.

After expiry of said periods, the Customer's acceptance of the Product shall be deemed given unless the Customer's refusal is duly substantiated in writing and explaining the precise reason of the refusal and the contractual grounds thereof.

For the Services a certificate of completion of Services or assignment sheet shall be issued once the Service has been performed. The Customer shall sign the form certifying that the Service has been provided in accordance with the Contract. Unless the Customer's refusal is duly substantiated in writing and explains the precise reason of the refusal and the contractual grounds thereof, the Service shall be deemed accepted five (5) working days after issuance of the certificate of completion of the Services or of the assignment sheet.

9.3. Collection of Products

After the transfer of ownership, the Customer shall collect the Helicopter or the pre-owned helicopter within two (2) weeks in case of ferry flight or within one (1) month, if it is to be dismantled or conditioned for sea, air or road transport.

If pilot's training has been contractually agreed to take place following the acceptance of the Customer's Helicopter, said duration shall be extended by the time required to train its pilot(s) on its Helicopter.

The Customer shall collect any optional (i.e. not installed on Helicopter) packed equipment, Spare Parts, R&O Parts and/or tools:

- within four (4) weeks for Products sold together with Helicopters
- within fifteen (15) calendar days otherwise

- The Customer shall reimburse the Seller any expenses incurred by the Seller such as maintenance, storage, insurance, taxes and associated damages and interest if any, levies, etc. The foregoing does not constitute any obligation for the Seller to maintain, store or insure the Products beyond the date the Products should have been collected.
- The Seller may terminate the Contract as per article 14.1.1 and shall not be liable for any loss or damages incurred by the Customer as a consequence of such termination.

In the event that the Products are delivered in consigned containers and/or on transportation racks, the Customer shall return said containers and/or transportation racks at its expense within fifteen (15) calendar days after they are made available to the Customer by the freight forwarder. After the expiry of this period, the Seller shall be entitled to invoice the container and/ or transportation rack at its current price.

9.4. Transfer of ownership and risk

9.4.1. intentionally left blank

9.4.2. Products other than new helicopters

The transfer of ownership of any Products other than new Helicopters shall take place after fulfilment of export customs formalities by the Seller (when applicable):

- at the facility designated by the Seller at the time of their collection by the forwarding agent for all incoterms except DAP Incoterms® 2020,
- in case of Products delivered DAP Incoterms® 2020, at the end of the international transport before the arrival of goods in the destination country,

and shall be subject to the prior performance by the Customer of its obligations in particular the full payment of the delivered Products and interest, if any.

As a result, should the Customer fail to pay according to the contractual payment terms, the Seller reserves the right to terminate the Contract through notification sent by registered letter and, if the Products are already delivered, to demand that said Products be returned. If the laws of the country where the Products are delivered do not allow the Seller to regain ownership, the Seller shall be entitled to benefit from any other rights that such laws may confer. The Customer shall implement all measures necessary to protect the Seller's aforementioned rights. In all cases, this will not prevent the Seller from claiming any damages.

Risk of loss or damage to the Products is transferred to the Customer at the time of delivery of the Products by the Seller as determined by the agreed Incoterms® 2020.

9.5. Adherence to the delivery date

Adherence to the delivery date is conditioned upon the Customer fulfilling all of its contractual obligations.

10. WARRANTY

10.1. General - contractual warranty

The Seller warrants that the Products and Services provided, except the turbine engine(s), specific equipment with a STC mentioned in the Contract (if any), are free from defects in material and workmanship under normal use and service and that software identified in the applicable Helicopter specification substantially provides the functions set forth in the said specification or in the applicable SB.

The turbine engine(s) installed in the Helicopter and STCs equipment identified in the Contract are covered by the warranty granted by the manufacturers of these items (Safran Helicopter Engines, Pratt & Whitney, Thales and concerned STC holder), the benefits of which the Seller hereby assigns on to the Customer who hereby acknowledges and accepts such assignment.

As soon as possible but no later than fifteen (15) calendar days after the discovery of a defect, the Customer shall furnish to the Seller, by using a warranty claim form provided by the Seller, the full details of its claim and the basis thereof. As soon as it receives the said form, the Seller will forward to the Customer a warranty claim acknowledgment and a RMA form. Within fifteen (15) calendar days following the receipt of such documents the Customer shall return the allegedly defective Parts to the Seller. If the Customer fails to return the allegedly defective Parts in due time, the Seller reserves the right to invoice the replacement Parts which have been ordered or produced for the Customer at the price stated in the relevant Seller's price list in force, or in the relevant Quotation.

The Seller will compensate reasonable transportation costs outbound from the Customer premises to the Seller's premises for the Parts for which the benefit of the warranty has been granted by the Seller. The Customer shall send the invoice to the Seller by the end of each quarter and in any case not later than three (3) months after the acceptance by the Seller of the warranty claim. Corresponding credit notification will be issued on a quarterly basis by the Seller and shall be applicable to Spare Parts and/or R&O invoice(s). Insurance, customs expenses and other charges as well as the expenses incurred by the Customer for the removal, re-installation, calibration and troubleshooting operations with respect to such Parts shall be borne by the Customer.

However, during the first year of the warranty of a new civil Helicopter, for each valid warranty claim, the Seller will compensate in kind the Customer for reasonable labour charges related to warranty issues on the basis of removal and re-installation of the concerned Part(s) (troubleshooting excluded). These labour charges flat rates in force are defined by the Seller per category and are available to the Customer on request. Such compensation shall be cumulated on a monthly basis under the form of a credit which shall be valid for one (1) year and shall be used by the Customers for paying ordered Spare Parts. If applicable, the Customer hereby authorizes the Seller to grant the credit to the company who manages and performs the warranty claim on its behalf for the final benefit of the said Customer.

Said credit(s) shall not apply in case of Customer's default, such as, but not limited to, late payment and payment failure.

For Parts for which the benefit of the warranty has been granted by the Seller, the return transportation costs to the Customer premises shall be borne by the Seller.

The warranty exclusions are as follows:

- in the event that maintenance activities have not been properly entered in the appropriate logbook (or in case of failure to produce the logbook to the Seller if so requested), or
- in the event of a defect that is the result of normal wear and tear, or
- Parts and any associated costs incurred for scheduled maintenance, or
- if the Customer has failed to notify the Seller of its warranty claim within fifteen (15) calendar days from the failure occurrence date, or
- if the Parts have been stored, protected, freighted, operated, maintained, installed, altered, repaired or overhauled otherwise than in accordance with the manuals, documentation and instructions delivered by the Seller or its subcontractors/suppliers, or
- if the Products or Parts have suffered an accident, or
- if a defect of the Part(s) alleged by the Customer is not confirmed during the technical expertise done by the Seller, or
- if the Parts have not been delivered by the Seller, or
- if the defect is partly or wholly caused by a defective item not provided by the Seller, or
- if the software or the host media is exposed to any computer virus or to any conditions in excess of those published in the applicable manuals, documentation and instructions delivered by the Seller, as well as any alteration and/or modification not validated by the Seller, having an impact on the software, or
- normal wear and tear of item(s) such as, but not limited to, seals, tires, inner tubes, bulbs, packings and similar consumables parts.

Software identified in the applicable Helicopter specification shall only be considered as non-conforming, if there are substantial deviations of the functions supported by software from the Helicopter specifications. The Seller will remedy such non-conforming software for the considered Helicopter by, at its sole discretion, either providing a correction release of the software or by finding a reasonable workaround. The Customer shall supply the Seller with all necessary information and documentation in its possession, to enable the Seller to investigate and rectify such non-conforming software. The warranty conditions for software embedded in the delivered Spare Parts or in the delivered repaired/overhauled/standard exchange Parts shall be the ones applicable to the software delivered with the Helicopter, as mentioned in the previous paragraph.

The warranty is granted to the Customer personally.

As a consequence, should the Customer sell a Helicopter during the warranty period, it undertakes to notify the Seller of the new owner's name at the time of the transfer of title. Notwithstanding, any request for warranty transfer to any third party within the six (6) months following the Helicopter's delivery is subject to the prior written consent of the Seller. Should the Customer want the warranty to be managed by a third party, it shall then provide the Seller with a power of attorney authorizing the said third party to act on its behalf.

The warranty constitutes the Seller's, sole liability in case of breach of the warranty obligation, and is exclusive and in lieu of any other warranty or remedy available under the Contract or at law (to the extent permitted at law).

10.2. Contractual warranty period

The Seller's obligation under the warranty is limited to the repair - or replacement at the Seller's discretion - of the allegedly defective Products or Services that have been returned to its facility and, at the time of any repair or replacement have been recognized by the Seller

after expert investigation as defective. To be eligible under this warranty, the alleged failure must have occurred within the time-limits mentioned here-after:

- For Spare Part(s) and SB kit(s):
Within two hundred (200) flying hours or six (6) months from the time they are fitted to the Helicopters or twelve (12) months after their delivery from the Seller's factory, whichever event occurs first.
- For tool(s):
Within twelve (12) months after their delivery from the Seller's factory.
- For Training Item (s):
Within the twelve (12) months after their delivery from the Seller's factory.
- For repaired, overhauled and standard exchange Parts, and used Part(s):
 - Within two hundred (200) flying hours or six (6) months from the time they are fitted to the Helicopters or twelve (12) months after their delivery from the Seller's site, whichever event occurs first.
 - For repaired Part, the warranty is limited to the repair done and/or the components of the Part replaced.
- For tools repaired, overhauled or returned for calibration:
Within twelve (12) months after their delivery from the Seller's site.
- For workmanship:
Within one hundred (100) flying hours or six (6) months from the signature date of the acceptance certificate for such workmanship by both Parties, whichever event occurs first.

The Seller warrants the software identified in the applicable Helicopter specification provided that any alleged non-conformity is notified by the Customer to the Seller within one hundred and eighty (180) calendar days from the date of delivery of the Helicopter to the Customer. The same shall apply for software embedded in the delivered Spare Parts or in the delivered repaired/overhauled/ standard exchange Parts.

The warranty period on the repaired or replaced Part(s) shall be the warranty period that was remaining on the respective defective Part. The Part(s) removed for which the Seller supplies a replacement Part(s) shall become the property of the Seller.

10.3. German legal warranty

For Contracts governed by German law, the German legal warranty (Sachmängelhaftung) may complete the contractual warranty conditions described here above for the first twelve (12) months; notably during this period, and provided that the German legal warranty is applicable, the Seller may elect to repair or replace the defective Products.

11. CONFIDENTIALITY

During the performance of the Contract, the proprietary information of the Parties shall be protected as follows: the term "Proprietary Information" shall mean any information or data in whatever form (either in writing or orally, subject to the conditions set forth hereinafter, and including but not limited to any written or printed documents, samples, models or any means of disclosing such Proprietary Information that the disclosing Party may elect to use during the life of the Contract), disclosed by either Party to the other and which is designated as proprietary to the disclosing Party by an appropriate stamp, legend or any other notice in writing, or when disclosed orally, has been identified as proprietary at the time of disclosure and has been promptly (within thirty (30) calendar days at the latest) confirmed and designated in writing as Proprietary Information of the disclosing Party.

The receiving Party hereby covenants that, from the effective date of the Contract, the Proprietary Information received from the disclosing Party shall:

- a) be protected and kept in strict confidence by the receiving Party, which must use the same degree of precaution and safeguards as it uses to protect its own Proprietary Information of like importance, but in no case any less than reasonable care; and
- b) be only disclosed to and used by those persons within the receiving Party's organization (including temporary workers) and its Affiliates, external counsels, lawyers, accountants, auditors, banks, insurers and IT Service Providers, who have a need to know and solely for the purpose specified in the Contract (and provided such entities are bound by confidentiality obligations either at least as constraining or resulting from a professional duty by operation of law); and
- c) not be used, in whole or in part, for any purpose other than the purpose of the Contract without the prior written consent of the disclosing Party; and
- d) neither be disclosed nor caused to be disclosed, whether directly or indirectly to any third party or persons other than those mentioned in subparagraph b) above; and
- e) neither be copied nor otherwise reproduced nor duplicated, in whole or in part, where such copying, reproduction or duplication has not been specifically authorized in writing by the disclosing Party.

Any Proprietary Information and copies thereof disclosed by either Party to the other shall, subject to any third-party rights, remain the property of the disclosing Party and shall be immediately returned by the receiving Party upon request.

Notwithstanding the confidentiality obligations stated in the Contract, the receiving Party may disclose the Proprietary Information to any governmental agency or judge legally authorized to have mandatory access to such information, provided however that in these circumstances, the receiving Party shall prior to disclosure notify the disclosing Party to give the disclosing Party the opportunity to take appropriate action(s), as far as available, against such disclosure.

12. INTELLECTUAL PROPERTY

MF retain all rights in respect of developments, inventions, know-how, production procedures and any intellectual property rights relating to the Products that they manufacture and/or Services related thereto.

Nothing in the SCS shall be construed as a legal transfer of or licence to (other than specified hereafter), any patent, utility or design model, copyright, trademark, know-how or other intellectual property right. Copying and/or reproducing and/or communication and/or transmission to a third party of the Products or Services or technical information or Technical Data or training manuals, either wholly or partially, without the Seller's written express approval is strictly forbidden (except for the copying by the Customer of technical documentation provided by the Seller exclusively for the purposes of operation and maintenance of the Helicopters by the Customer).

The Seller grants the Customer a non-exclusive, non-transferable licence to use the executable form of the software on the related Product, for the purposes of operating the Helicopters.

This licence does not entitle the Customer to receive free of charge updates of such software. The Customer shall not decompile, disassemble, modify, reverse assemble, reverse engineer or reduce to human readable form, the software except to the extent the foregoing restriction is, by operation of applicable law, prohibited or of no effect.

13. LIABILITY

Notwithstanding any provision to the contrary in the Contract or elsewhere:

- a) The total and cumulated liability of the Seiler due to any and all causes whatsoever, whether based on breach of contract or otherwise, shall in no event exceed in aggregate an amount equivalent to ten per cent (10%) of the total net Contract price (excluding taxes) or in case a specific Order is passed and the triggering event of liability relates to that Order, ten per cent (10%) of the total net Order price (excluding taxes);
- b) Each Party shall be responsible for death or bodily injury arising to its own personnel, whatever the cause. The Parties therefore waive the right to any claim against the other in this respect;
- c) In no event shall the Parties be liable for any indirect, consequential, incidental, special or punitive damages of any kind, including, but not limited to, damages for any loss of use or profit, loss of assets, loss of asset value, loss resulting from business disruption, loss of goodwill or loss of contractual opportunity by the other Party;
- d) The limitations in articles 12.a) to 12.c) shall not apply in the event of gross negligence or wilful misconduct;
- e) To the extent permitted at law, the Seller's obligations and liabilities and the Customer's rights and remedies as set forth in the Contract are exclusive and are in replacement of any and all other remedies under law or otherwise.

14. FORCE MAJEURE AND EXCUSABLE DELAY

14.1. Force majeure

The Seller shall not be held responsible for failure to perform or delay in performing any of the contractual obligations of the Contract if such failure or delay is due to, but not limited to:

- acts of God, war, insurrection, epidemics, sabotage, labour disputes, strikes, lock-outs, shortages of labour, interruption or delays in transportation, fire, explosion, equipment or machinery breakdown, failure or delays of the Seller's sources of supply, shortage in material or energy, or
- acts, orders or priorities resulting from any government action, national or international authorities, or
- a bankruptcy or insolvency event concerning any supplier or subcontractor of the Seller (or lower-level subcontractor or supplier), or
- acts caused or suffered by any supplier or subcontractor of the Seller (or lower-level subcontractor or supplier), to the extent they qualify as Force Majeure pursuant to the above, or

any other case beyond the reasonable control of the Seller, and including any of the above events which already pre-existed at the time of the signature of the Contract. For the avoidance of doubt, the delay or absence of payment by the Customer cannot be considered by it as a case of force majeure.

In case of force majeure, the contractual delivery date shall be extended by such period of time reasonably required to remove and/or overcome the event of force majeure and its effects.

14.2. Excusable delay

Any postponement of the contractual dates due to the following causes shall not constitute a delay for the Seller:

- a) BFE/CFE not delivered according to the schedule stated in the Contract or found defective and which consequently requires to be replaced by the Customer or,
- b) Changes or additions to the Contract requested by the Customer or,
- c) Any failure or omission by the Customer to perform its obligations set forth in the Contract

Any additional costs incurred by the Seller as a result of the occurrence of one of the above events can be invoiced by the Seller and shall be paid by the Customer over and above the Contract Price.

15. TERMINATION

15.1. Termination for default

A Party may terminate all or part of the Contract for default of the other Party in the event that the other Party persistently fails to perform its obligations and despite the non-defaulting Party having notified by acknowledgment of receipt the defaulting Party to take adequate corrective measures and provided no such measures have been proven to have been taken within a period of six (6) months, or two (2) months in the case stated in article 6.3, following the above notice. The termination shall occur without any specific formality other than the above notice.

In the case of termination for default, the following shall apply:

15.2. In case of default of the Customer:

- a) the Customer shall indemnify the Seller for all costs and damages (including but not limited to raw materials, labour, overhead, storage fees, work in progress) incurred by the Seller or which the Seller could not avoid incurring (including termination indemnities, if any, under the contracts between the Seller and its subcontractors or suppliers or under the second level contracts or subcontracts),
- b) the Customer shall pay to the Seller a termination indemnity equal to ten per cent (10%) of the contractual price to cover Seller's general administrative and financial costs,
- c) the Customer shall indemnify the Seller in case other remedies are available by the Customer under the Contract, than those mentioned under paragraphs a) to b) above, and
- d) the Seller shall be entitled to retain any payments already made by the Customer.

15.2.1. In case of default of the Seller:

- a) the Seller shall be entitled to deliver the remaining non-faulty Products and render the remaining non-faulty Services, and shall be paid the corresponding price thereof,
- b) the Seller shall return to the Customer all the BFE/CFE remaining in its premises, once the Products are delivered and/or the Services are rendered, and
- c) the Seller shall refund the Customer, the amount of the down-payment which refers to the unfulfilled part of the Contract.

15.2.2. Termination for force majeure

In case of the occurrence of a force majeure event as provided in article 13.1 results in the contractual delivery or performance dates being extended by more than six (6) consecutive months, the Parties shall meet in order to determine under which conditions they wish to pursue the Contract or if they do not reach an agreement within a one (1) month period, either Party shall be entitled to terminate the Contract, without being entitled to claim for any damages or compensation in any form whatsoever.

16. APPLICABLE LAW AND DISPUTE RESOLUTION

The Contract shall be governed by German law for the sale of Products manufactured and/or Services performed by MF. Irrespective of the applicable law, the "United Nations Convention on Contracts for the International Sale of Goods" is excluded.

The Parties shall attempt to amicably settle any dispute, controversy or claim arising out or in connection with the Contract, including through mediation (under the authority of a neutral, independent mediator to be jointly appointed by the Parties). If two (2) months after the occurrence of such dispute, controversy or claim, the Parties have failed to reach an agreement (unless they agree to extend the amicable phase), then the dispute, controversy or claim shall be settled as follows, depending on the contractual aggregate amount:

- A dispute will be finally settled under the rules of arbitration of the International Chamber of Commerce (ICC) by three (3) arbitrators appointed in accordance with the said rules.
- In the specific case of a dispute of which the aggregate amount does not exceed ten thousand (10 000) Euros, the Parties shall opt for a fast-track arbitration process in accordance with the ICC rules.

The seat of arbitration shall be Baden-Baden (Germany) and the language of the arbitration shall be German.

However, in all cases, should the Seller elect to choose a local court jurisdiction due to arbitration not being adapted to the specific nature of the dispute, in particular the need for immediate injunctive relief or to recover sums due, then such local court will be competent to settle the dispute.

The Parties hereby consent and agree to be subject to the jurisdiction of the aforesaid courts and/or arbitration and, to the greatest extent permitted by the applicable law, the Parties hereby waive any right to seek to avoid the jurisdiction of the above courts on the basis of the doctrine of forum non convenience.

Unless otherwise agreed by both Parties, the fact that any dispute has been referred to arbitration pursuant to this article shall not relieve either Party from any of its obligations as set out in the Contract.
